

Spaced Retrieval

Training Seminar and Workshop

Presented by:

Cameron Camp, Ph.D.

**October 26 & 27
Beachwood, Ohio**

Sponsored by:

*The Menorah Park Institute
for Healthcare Education
and*

Center for Applied
Research in Dementia
Creating effective memory interventions

Course Description

Spaced-Retrieval (SR) is a memory intervention that gives individuals practice at successfully recalling information over progressively longer intervals of time. The goal of SR is to enable individuals to remember important information for clinically meaningful periods of time.

SR has been used successfully as a rehabilitation technique by speech-language pathologists, occupational therapists, and physical therapists to enable clients with cognitive impairment to recall important information such as safety techniques, orientation information, schedules, etc. SR is an approach that can be used during rehabilitative treatment to enable clients to reach therapy goals and its use is reimbursable skilled service.

Participants in this course will learn the principles of the Spaced Retrieval technique, types of clients who are likely to benefit from SR treatment, goal writing strategies, billing procedures, and strategies for successful transitioning SR goals to the clients' living environments. Participants may choose to attend Day One only of the program for an overview of SR or both Days One and Two for a hands-on experience in using SR with specific clients, goals, and environments.

Cameron J. Camp, Ph.D. is a noted psychologist specializing in applied research. He is Owner and Director of Research of the Center for Applied Research in Dementia, Solon, Ohio. Previously he served as Director of Research and Product Development for Hearthstone Alzheimer Care, and Director of the Myers Research Institute of the Menorah Park Center for Senior Living. Dr. Camp gives workshops on designing cognitive and behavioral interventions for dementia internationally. Dr. Camp received his doctorate in experimental psychology from the University of Houston in 1979. For 16 years he served in academic settings, teaching coursework in adult development and aging and rising to the position of Research Professor of Psychology. He has co-authored three college textbooks and published over 100 articles in journals. He is a Fellow of the Gerontological Society of America, a Fellow of the American Psychological Association, a Charter Member of the Association for Psychological Science, and currently serves as president of Division 20 (Adult Development and Aging) of the American Psychological Association. His research has been funded by grants from the National Institute on Aging, and the National Institute of Mental Health, and the national Alzheimer's Association.

Agenda

DAY 1: Seminar

8:00 AM-8:30 AM

Registration

8:30 AM-10:00 AM

Introduction/Brief Overview of Memory

10:00 AM-10:15 AM

BREAK

10:15 AM-11:00 AM

SR Overview

11:00 AM-12:00 PM

Case Studies of SR Sessions

12:00 PM – 1:00 PM

LUNCH

1:00 PM -1:30 PM

Building a Caseload Using SR

1:30 PM-2:15 PM

Functional Goal Writing Using SR

2:15 PM -2:30 PM

BREAK

2:30 PM-3:00 PM

Documentation/Reimbursement

3:00 PM-4:00 PM

Overview of Transitioning SR to Client's Environment

4:00 PM-4:30 PM

Questions/Comments/Adjournment

DAY 2: Workshop

8:00 AM – 8:30 AM

Registration

8:30 AM – 9:00 AM

Review of Day One

9:00 AM – 10:00 AM

SR Screen Tutorial & Role Play

10:00 AM – 10:15 AM

BREAK

10:15 AM – 12:00 PM

SR Therapy Simulation

12:00 PM – 1:00 PM

LUNCH

1:00 PM -2:15 PM

Action Planning for Transitioning SR

2:15 PM – 2:30 PM

BREAK

2:30 - 3:00

Training/In-Servicing Tips

3:00 PM – 4:00 PM

Q & A

Course Evaluations
